Low Petition

State-Wide Stock

Story of the Day
The health officer inspected St. Waller's farm, and found the hog-pen too near the house.
"You'll have to move it, St.," he decided. "It's rather unhealthy, you know."
"No, I don't know," bristled St. "Hogpen has been right there for twenty years, and I ain't lost a hog yet."

Members of the Business & Professional Women's club are circulating in Hope a petition to initiate a state-wide livestock law. They are encountering some static. A lot of people don't think much of petitions. But in some instances the law stipulates that a petition shall be circulated—and that's how it is with this stock law petition.

It is necessary to get a certain number of qualified voters to sign the petition so the bill can be put on the November general election ballot. And that's all the petition does—merely enables us to vote on the question in November.

It's my guess the majority of Arkansas citizens want a state-wide stock law, and will vote for it if given the chance. In past years The Star has given a good deal of attention to enforcement of the local stock law in Hempstead county, and similar laws exist in Miller and Nevada counties—but when you drive in to Clark county you are in open range country, and you proceed down the highway with the sizeable risk of plowing into grazing animals.

It's time we made one law cover public safety on all the roads of Arkansas—and that's the purpose of the bill for which the B. & P. W. club members are now circulating this petition.

The bill would make it—
"unlawful for owners of cattle, horses, mules, hogs, sheep, or goats to allow them to run at large along or on any public highway in the State of Arkansas." To do so would be a misdemeanor, the fine for which would be not less than \$10 nor more than \$50 for the first offense; and not less than \$50 for subsequent violations.

That's the proposal.
You ought either to sign this petition or forever stop complaining about livestock running loose on the highways.

Field Asks Chance to Reconsider

Washington, May 9 (AP).—Fredrick Vanderbilt Field denied today that he was in contempt of congress in refusing to answer some of the questions put to him by senators investigating Communists-in-government charges.

His attorney, Harold I. Cammer of New York, asked that Field be given a chance to reconsider the queries.

Field's denial was made through Cammer who said that a contempt citation against the alleged Red millionaire for refusing to answer the lawmakers' questions "would be inconsistent with observance of the privilege against self-incrimination guaranteed by the fifth amendment to the constitution."

Edward P. Morgan, counsel for the investigating senate foreign relations committee, recommended the citation after Field appeared before the group under subpoena April 28.

Field earlier had been named by ex-Communist Louis F. Budenz as a Soviet espionage agent. Budenz also linked Field with Owen Lattimore whom Senator McCarthy (R-Wis) has called the "top Soviet espionage agent" in the United States.

Lattimore countered that charge by calling McCarthy a "contemptible liar," and swore to the committee he is not and never has been a Communist.

Field denied the espionage charge, but flatly refused to tell the committee whether he is or has been a Communist on grounds of possible self-incrimination.

He also declined, for the same reason, to answer such questions as whether he knew Earl Browder, deposed Communist official, and whether he had ever used his home "as a meeting place for a fund raising campaign for any type of organization."

Morgan called Field's refusals contemptuous and has drawn up contempt citations against both Field and Browder, who also spurned committee questions.

Told to Drop Postal Service Economy Cuts

Washington, May 9 — (AP) — The senate postoffice committee today approved a resolution directing that the Postmaster General Donaldson drop his economy cutbacks in the postal service. The vote was 9 to 0.

On April 18, Donaldson cut down on a number of services, explaining that the department lacked the money to continue them. One order cut residential mail deliveries to one a day and reduced deliveries in business areas.

Donaldson also shortened the hours of window service and dropped some night handling of mail.

Ark-Mo Co. Gets Gas Franchise

Blytheville, May 9 — (AP) — The franchise for supplying a natural gas to Blytheville was awarded to the Arkansas Missouri Power company by the city council last night.

The franchise also was sought by an investment syndicate composed of two Little Rock and one Tennessee firm, which planned a gas distribution system throughout the east Arkansas.

The power company, which has headquarters here, plans to supply Blytheville as well as 11 other northeast Arkansas and southeast Missouri towns.

A two-hour session at which the discussion at times grew heated preceded last night's council action. It was attended by nearly 200 interested persons including representatives of 27 towns of this area in the two states.

Dallas Raney represented the syndicate composed of T. J. Raney and Sons and Womeldorf and Lindsey, Little Rock, and the Equitable Securities Corp., Nashville, Tenn., which plans to buy Arkansas Power and Light company's gas systems in southeast Arkansas, and expand to other east Arkansas towns.

He said that without the Blytheville franchise, the group probably could not expand north of Wynne.

High Water Sweeps on Dakota Areas

By The Associated Press
Fresh floodwaters from the Red river of the north today made thousands homeless and isolated many communities in parts of the water-soaked North Dakota and Minnesota. A 24-hour rain fed the rising stream and its tributaries.

Across the border in flood-besieged Winnipeg, there also were more evacuations as a new storm threatened further damage from the raging Red river. More than 12,000 persons already have been driven from their homes in Winnipeg and southern Manitoba in the last week. The new floods in North Dakota and Minnesota hit the area which only recently had battled the worst floods in 50 years.

Edward P. Morgan, counsel for the investigating senate foreign relations committee, recommended the citation after Field appeared before the group under subpoena April 28.

Field earlier had been named by ex-Communist Louis F. Budenz as a Soviet espionage agent. Budenz also linked Field with Owen Lattimore whom Senator McCarthy (R-Wis) has called the "top Soviet espionage agent" in the United States.

The Negro, a native of Hope, will be turned over to Michigan officers who are enroute to Hope. He already has signed extradition papers. The arrest was made by State Officers Porterfield and Mosier and city officer Burke.

AFL Leary of Possible Labor Merger

Philadelphia, May 9 — (AP) — The American Federation of Labor has given a "yes-and-no" answer to the CIO's latest proposal for unification of organized labor.

The answer to the CIO's proposal is "yes" provided unity is on a permanent and organic basis. But if the CIO is thinking strictly in terms of a tentative and co-operative unification then the AFL's answer is "no."

President William Green of the AFL made clear his organization's stand yesterday in a letter to Philip Murray, head of the CIO. Green made public his letter at a news conference following the opening of the AFL's executive council's five-day meeting. The meeting was closed.

Murray had asked the AFL, John L. Lewis' United Mine Workers, the four independent railroad brotherhoods and the International Association of Machinists to join in the unity effort.

The CIO chief said the labor group would set up a joint committee to provide cooperation on economic, legislative and political problems.

Green wrote Murray that the AFL council "doubts seriously that the method and procedure suggested and proposed in your letter would accomplish the mutually desired objective: Organic unity in the labor forces of America."

Rights Group to Consider Key Issues

Jackson, Miss., May 9 (AP). — States Rights League decisions here tomorrow which may mean life or death for the movement and its bitter opposition to federal civil rights bills.

Most of those who led four deep Southern states out of the regular Democratic party two years ago will be here. They expect 3,000 others for a third national States Rights meeting.

The meeting is a "where do we go from here" affair. An executive committee session tonight will offer a chart for action.

W. W. Wright of Jackson, vice-chairman of the committee, said he looked for a program calling for stronger organization, well-planned drives to raise money and States Rights offices in each southern state.

Alabama, carried by the States Rights in 1948, indicated a change of heart last week. Democrats there elected a new state executive committee. A majority of the winners are anti-states rights.

The Alabama committee led the successful States Rights campaign in 1948. Former Governor Frank Dixon of Alabama will report tomorrow on the States Rights defeat in his state.

Whether States Rights followers keep control of Democratic party machinery in Louisiana may come up for decision today at Baton Rouge, La.

Crosby Still Denies End to Marriage

Paris, May 9 — (AP) — The Crosby brothers—Bing and Larry — told conflicting stories today of the state of the famous crooner's 20-year-old marriage to a one-time film star Dixie Lee.

Here in Paris the screen and radio singer denied a Hollywood report that "strained relations" are blighting his married life.

But in Hollywood his brother, Larry, head of the Crosby Research Foundation, said: "We hope it is a separation and not a divorce."

The report started with John O'Melveny, an attorney for Bing, who said yesterday in Hollywood that things were not going so well between the singer and his Dixie.

O'Melveny said a reconciliation was hoped for in June, when Bing was due home from a European jaunt.

Some comment must have started it, said Crosby last night. Such reports "crop up every four or five months," he added.

Bing, who leaves for London next week to play in the British Amateur golf championship, said he had a letter from Dixie four or five days ago and "everything was all right then."

GOP Predicts Control of Congress

Washington, May 9 — (AP) — House Republican leaders agreed today to try to cut \$996,000,000 from the \$28,000,000,000 omnibus appropriation bill.

The agreement was reached at a meeting of the GOP policy committee.

Rep. Taber of New York, leader of the Republican drive to whack approximately one billion dollars from the big measure, said the committee decided to push amendments that would:

(1) Restrict federal agencies in filling job vacancies during the fiscal year starting July 1 and (2) Reduce sums tentatively approved for operation of the government.

Taber said if the house rejects the proposals, they will be tied to a motion to send the bill back to the appropriations committee.

The army, the navy and the air force, he said, will be exempted from the proposed cuts.

Actually, the house was all set to add \$350,000,000 to the bill for national defense spending. Most of the extra money would go for air power.

Once Wild and Woolly Butte Apparently Is Suffering From Growing Up Pains

By HAL BOYLE.
Butte, Mont., — (AP) — Once a bar-tender in this copper mining capital of America got into an argument with an unfriendly customer.

Before the bartender could end the discussion he found it necessary to bite off the fellow's ear. He rose and flipped the ear on the bar and announced:

"The next round is on the house. Drink up, everybody."

This tale is typical of the old Butte. But it is also typical, in a way of the new Butte.

For Butte is still one of a half dozen men's towns left in the United States. It is a free-and-easy town where they give you change in clinking silver dollars instead of paper bills.

It is a man's town where they take a stranger at his word until his acts prove him a liar.

This might be because this is a far west melting pot of 50 nationalities, and in a town like that the only way you can judge anybody is by the simple standard: "Is he a good guy?"

It might also be because miners, coming up from daylong work under temperatures ranging up to 110 degrees, don't want to hear any guff as they drink their "bottle-makers" — a whisky shot chased by beer.

The basic fact remains that the atmosphere of this wide-open town is friendly — the / like you until you start trouble. But if it's trouble you want, you can get it from every direction of the compass.

Copper comes from sweat, and sweat comes from muscle, and there is a lot of muscle in a miner. And when a miner uses his muscle against flesh instead of hard rock he can raise a mighty bruise, and quickly change the silhouette of a man with buck teeth.

But there isn't so much ear-chewing and face-stomping here-

Strike Threat Cuts Rail Service

Chicago, May 9 — (AP) — Railroads involved in a strike set for 6 a. m. (local time) tomorrow, today began placing embargoes on freight and passenger traffic.

Two of the four major railroads singled out for a walkout by the Brotherhood of Locomotive Firemen and Engineers announced plans for curtailing service.

"We are engaged in a worldwide struggle to bring lasting peace to the world," he said. "In that struggle we are being opposed by a cynical imperialism which asserts that freedom and democracy are soft and incapable of strong action."

The solemn note he sounded in speeches yesterday in Illinois and Iowa, where he wanted the Midwest that a return to "isolationism" could bring on "a third world war," crept into his Capser talk.

Truman Pledges Development of the West

Aboard Truman Train, May 9 — (AP) — President Truman declared today his administration will push the development of the West over the opposition of "reactionary forces" of "privilege and greed" since. "We could get no satisfaction," he said, "so we struck."

The President carried his day and night cross-country stumping tour into Wyoming after telling an agricultural crowd at Lincoln, Nebraska, enactment of the "controversial Brannan farm plan" would help assure "peace and prosperity for ourselves and the world."

In a speech prepared for an audience today at Casper, Wyo. The chief executive described the new Kortes dam, 50 miles away, as a source of "wealth and strength for the people of the world."

And he scoffed at those who cry "socialism," "regimentation," or "boondoggle" at government water and land resource development.

As the day proceeded he continued to talk to large and apparently happy crowds who jammed the tracks around his private car in the chatty neighborly fashion that was his "vote appeal" in 1948.

Like at Pacific Junction, Iowa, yesterday where he told them he wanted them to look at the "hired man" to see if he is the same fellow who came out "looking for votes two years ago." He added he was 66 even if they thought he didn't look it.

Mr. Truman revived the old "Teapot Dome" oil scandals at Casper, contrasting the philosophy of "Teapot Dome" with that behind the construction of Kortes dam.

The solemn note he sounded in speeches yesterday in Illinois and Iowa, where he wanted the Midwest that a return to "isolationism" could bring on "a third world war," crept into his Capser talk.

Malvern Brick Company Is Idled by Strike

Malvern, May 9 — (AP) — The Perla plant of the Acme Brick company here was strikebound today.

About 250 members of AFL United Brick and Clay Workers struck yesterday in a dispute over wages and threw a picket line around the plant.

T. A. Barnes, president of the union local, said the Acme contract expired Feb. 3 and that negotiations have been underway since. "We could get no satisfaction," he said, "so we struck."

In Fort Worth, Tex., Acme President J. E. Fender said "they offered us a renewal contract which would be suicidal for us to meet."

Russia Wants Berlin Election on Own Terms

Berlin, May 9 — (AP) — Russia says she will agree to a city-wide election in Berlin if Allied troops moved more than 100 miles back to West Germany. There appears little chance the Soviet condition will be accepted.

Along with four other demands calculated to give East German Communists the upper hand in the elections a Russian note last night proposed withdrawal of all occupying troops from the city. Russian troops would need to move only to Berlin's outskirts. American, British and French soldiers would have to go to the Soviet zone border on the west.

Guarded but cool first reactions to the Russian response were registered by two of the three Western commanders who three weeks ago proposed the city-wide ballot.

Maj. Gen. Maxwell D. Taylor, the American occupation chief here, said he found "little encouragement" in the Russian note. The British commandant, Maj. Gen. Geoffrey K. Borne, termed the reply "a very roundabout way of saying no."

Taylor added he found "some consolation" that "even the Soviets cannot be silent before the desire of Berlin to be reunited."

Bourne said he was glad to see some response to the Western appeals for free elections.

An American spokesman indicated the three Western commanders might meet today to see if any of the Russian conditions could be accepted.

Two local high school juniors have been named as delegates to Girls' State to be held at Camp Robinson, Little Rock, June 3-10.

They are Caroline Hawthorne, sponsored by the American Legion Auxiliary, and Tawanna Green, sponsored by the Alpha Zeta chapter of Beta Sigma Phi.

The Arkansas Girls' State, which is limited to 320 girls who are juniors in high school, is a practical experiment in Americanism and Good Citizenship.

Through actual participation the delegates who attend Girls' State are enabled to learn the duties and functions of intelligent future voters and office holders.

They will live in mythical cities, counties, and states, in which they will elect their own officials according to the law of Arkansas.

One day will be spent at the State Capitol where they will introduce, argue, and pass bills, both in the House and the Senate.

Nearly 1,000 Youths Visit Hope Station

The first of a series of visiting days at the University of Arkansas Experiment Station near here, attracted nearly 1,000 FFA, FHA and 4-H club youths from nine Arkansas counties.

The 993 youths were from Clark 17; Columbia 803; Howard 84; Lafayette 14; Miller 44; Montgomery 25; Hempstead 203; Little River 80 and Pike 24.

The group heard various discussions on experiments and developments carried out at the station. Victor C. Thompson, research assistant, directed the station tour.

Roy Lambert, asst. extension marketing specialist, Little Rock, discussed small fruit production. Results on 10 years of study on soil and water losses was outlined on development of vegetable production.

Forestry studies and the Hope station were discussed by Robert E. Nelson, extension farm forester. Out varieties and fertilization practices were revealed by Wheeler R. Perkins, Little Rock extension agronomist.

During the non-hour lunch served to visitors by the Hope FFA, FHA and 4-H members under supervision of R. E. Jackson and Agents Lorraine Blackwell and Oliver Adams.

C. A. Armitage, Hope, C. of C. manager, welcomed the group of special interest was a discussion on the Arkansas Game and Fish Commission's quail restoration program by Superintendent Wayne Sloan. Other quail experts on hand were Joe Felton, W. Stubbs and Clyde Goddard.

The display of wild life including deer and small animals in an aquarium attracted the attention of all.

Youngsters from other counties will attend tomorrow.

No Need to Change Law Taft Insists

Washington, May 9 — (AP) — Senator Taft (R-Ohio) said today he is hunk for the justice department to claim it is having trouble prosecuting labor leaders who may swear with fingers crossed they are not Communists.

The question of action against such officials takes on more importance now that the Supreme court has ruled the non-Communist oath requirement of the Taft-Hartley labor law is legal.

The court gave its decision yesterday. Taft told a reporter it is "the fault of the justice department, not of the law of which he is author, that there have been prosecutions for taking the oath falsely."

"They don't want to prosecute," he said. "They don't want to do anything against union leaders. The whole government has taken the same attitude. President Truman had that attitude toward John L. Lewis — he didn't want to do anything against Lewis."

Taft said he saw no need of revising the part of the law requiring unions to use national labor relations board machinery, unless their officers swear they are not RKEPS.

But Senator McClellan (D-Ark) said in a separate interview would be a good idea to "tighten up the provision to make the action easier. It was McClellan who got the provision into the law in the first place."

Two local high school juniors have been named as delegates to Girls' State to be held at Camp Robinson, Little Rock, June 3-10.

Business Women's Circle Meets at Church

The Business Women's Circle of the WMO of the First Baptist church met in the educational building Monday night for their regular monthly meeting. Mrs. Clyde Osburn, chairman, conducted the business session. Mrs. M. S. Bates, program chairman, gave the devotional thoughts using as her subject "Publish Glad Tidings" and as her scripture Nahum 1:15. The opening prayer was given by Mrs. Bates.

The program entitled "Invisible

Bridges" was presented as Radio for Missions. Those participating on the program were Mrs. Bates, Miss Doris Shields, Mrs. Horace Fuller, Mrs. Joe Keasey. Following the program, the hostess, Miss Doris Shields, assisted by Mrs. Keasey, and Miss Ruby McKee served a dessert with coffee to 13 members and one guest, Miss Lucille Ruggles.

Rush-Gilbert Vows Exchanged

Miss Ramona Rush, daughter of Mr. and Mrs. Rush of Los Angeles, Cal. became the bride of William E. Gilbert, Jr. son of Mr. and Mrs. William E. Gilbert, Sr. of Fulton, Monday evening at seven-thirty o'clock in the home of the bridegroom's aunt, Mrs. Edward Schooley, and Mr. Schooley on East Ninth street, in the presence of the immediate family and close friends.

The exchange of vows were heard before an improvised altar decorated with baskets of white gladioli, fern, and lighted tapers in front of the fireplace. The mantle held a lovely arrangement of sweetpeas. The Reverend Morgan Griffith of Fouke, read the double ring ceremony.

The bride was becomingly attired in a royal blue gabardine suit with white accessories. She wore an orchid at her shoulder.

Mrs. Thomas Lee Gilbert of Texarkana, was matron of honor and wore a gold crepe dress with black accessories and a corsage of white carnations.

Thomas Lee Gilbert, was his

brother's best man. Following the wedding, a reception covered with a lace cloth was centered with a crystal bowl of sweetheart roses, flanked on either side by white tapers in crystal holders. The two-tiered wedding cake was served by Mrs. Herbert Griffin, aunt of the bridegroom, and presiding at the punch bowl was Mrs. Esther Freeman of Los Angeles, Cal.

The couple will make their home in Fulton following their wedding trip. Among out of town guests were: Mrs. Ralph Prince and Mrs. Esther Freeman of Los Angeles, Mr. and Mrs. Thomas Lee Gilbert of Texarkana, Rev. and Mrs. Morgan Griffith of Fouke, and Mr. and Mrs. William E. Gilbert, Sr. of Fulton.

Tigers Earn Little More Respect

By JOE REICHLER

Associated Press Sports Writer

Rival big league managers are
beginning to talk about Red Rolfe's
bustling Detroit Tigers with a
great deal of respect.

Baseball men who previously
had regarded the Tigers as "just
another first division club," are
openly giving the Bengals a good
chance to win the American league
flag.

Casey Stengel, skipper of the
New York Yankees is the latest to
climb aboard the Detroit band-
wagon. Not that he thinks his
Yankees won't repeat. But he now
rates the Tigers even with Bos-
ton's powerful Red Sox as the
teams he expects to give him his
toughest fight.

"Detroit is the best looking club
we've faced thus far," he said yes-
terday following the "Tigers' 7-1
triumph over his world champions.

"They're going to be tough, you
can bet on that. Especially when
(Hal) Newhouse comes around. I
don't like to talk about players on
other clubs. But that (Art) Houtte-
man looked like the best pitcher
in the league out there today."

Houtteman, 22-year-old right-
hander blanked the Yanks for
eight innings, but let up in the
ninth after his mates had given
him a 7-0 lead. It was his fourth
triumph against one loss.

The Tigers today were leading
the league. Although tied with Bos-
ton in games won and lost, the
Tigers lead the Red Sox by 64 per-
centage points. They've won 10 of
14 starts while the Sox have won
13 of 20.

The two clubs meet in the first
of an important three-game series
at Fenway park today.

Detroit's George Kell, Vic Wertz
and Hoot Evers were the big guns
in yesterday's triumph. Kell hit a
single, double and triple and scored
three times. Wertz slammed a
double and triple and drove in
two runs. Evers belted a single and
home run and knocked in three
runs.

Vic Raschi, Yankee starter,
pitched well for seven innings but
blew in the eighth and ninth
yielding five runs. It was his
second loss against as many vic-
tories.

Neighbor's
Quarrel Leads
to Death of One

Fayetteville, May 9 —(P)—A
neighbors quarrel ended with Lee
Williams, 41, dead with 10 bullets
in his back here yesterday.

Sheriff Bruce Crider said Mil-
lard Brown, 41, who lived next
door to Williams, was arrested in

connection with the shooting and
admitted firing the fatal shots.

He said witnesses r e p o r t e d
Brown kept firing a .22 calibre au-
tomatic rifle until it jammed. Cor-
oner Edmond P. Watson said Wil-
liams was hit 10 times.

Sheriff Crider said he had been
called to the scene earlier be-
cause of a quarrel between the
two men, but that at that time,
neither would swear out a war-
rant.

Gough Hurls 6 Hitter to Beat Flyers

Last night at Legion Field
Charlie Gough posted his third
win of the 1950 Southwest Ar-
kansas League season as he
hurlled a masterful six shut out
over the Mineral Springs Flyers,
to protect the Hope Legionnaires
League lead of a half game over
Murfreesboro.

Gough is undefeated this sea-
son and was out from all the
way last night as he struck out
13 and walked only 4 as no one
got as far as third base and only
five as far as second. The Hope
right hander was in bad trouble
for the first time in the sixth as
Castellberry and Gant smacked
successive singles with no body
out to put men on first and sec-
ond. However Lonnie Bell, Flyer
clean up hitter, grounded to Ross
at third who stepped on the bag
to force Castellberry and relayed
to Bob White at second to force
Gant for the double play and to
quiet the uprising. Gough was
strong registering strikeouts on 7
of the last 9 outs.

Bill McClendon's Legionnaires
jumped on the run band wagon in
the first frame as Leroy Ridling
drew a base on balls to open the
game. Gilson Ross popped a high
fly into short right field down the
right field line that none could
send to and it went for a single
to Ridling on second. Ridling
went to third as Bob White
forced Ross at second. Buddy
White followed with a fly to right
with Ridling scoring after the
catch for Hope's first tally.

In the third with one out Ridling
again worked Ray Hoesy, who
worked the entire game for the
Flyers, for a walk and Gilson
Ross came through with a solid
single to centerfield shoving
Ridling on down to second. Bob
White connected solidly for a
tremendous slash off the left cen-
ter wall scoring both runners.
Buddy White grounded out unassisted
to first sacker Bell with brother
Bob going to third and when
none was covering home plate
Bell promptly stole home with
Hope's fourth score.

A lead off double by Charles
Gough to deep center field in the
sixth and a follow up tag bagger
by Bob White scored one run. In
the seventh Hpe made it six to
nothing as Roy Taylor batting
for Nix, walked, stole second, took
third on an infield groundout, and
scored on a single by Leroy
Ridling.

The 6-0 shut out victory over
Mineral Spring left Hope out front
of the pack in the Southwest Ar-
kansas League with five wins and
a loss. Murfreesboro is back a
half game with five wins and two
losses. The locals play next in Le-

gion Field this Thursday night
against the Red River Tomcats.

Hope Takes Lead in SW Baseball Loop

The Hope Legionnaires are in
undisputed possession of the lead
in the Southwest Arkansas semi-
pro baseball league following two
games Sunday which saw Spring-
hill beat Camden 24 to 5 and El
Dorado dropped Murfreesboro by
a 2-1 tally.

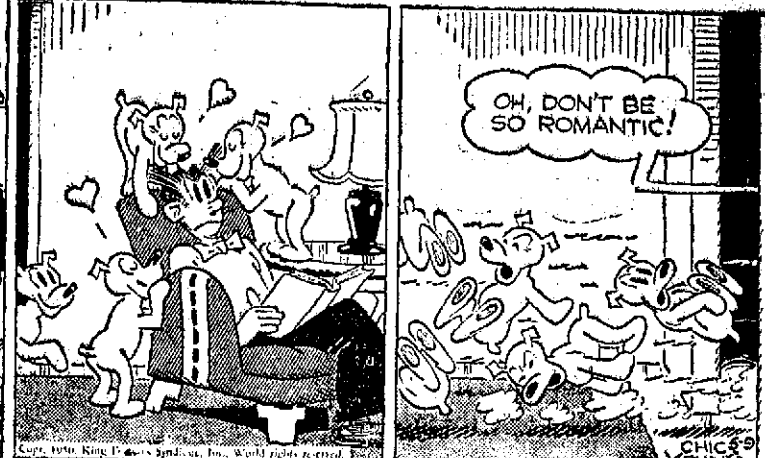

Hope leads with a 6-1 record;
Murfreesboro 5-2; and El Dorado
is next with a 4-3 record.

Leading hitters in the league for
10 at bats or more;
